Re: Awareness of Regulations on Quad Bikes and Dolly Trailers at Public Boat Ramps.

Dear All,

It was discussed at the recent National Council meeting about the Regulations on Quad Bikes and Dolly Trailers.

While you are on Public land you must abide by the State Rules on the treatment of these items. When you do your Permit Application you must include their use in your application.

If operating a Quad Bike you must abide by all state or local Rules and Regulations.

Please make sure all clubs and drivers are aware of the local Regulations on these items.

Regards

Robyn Bull

National Secretary
